Professional Experience

Nicola has been personally trained by Dr. Betty Edwards and is among the select few globally certified to teach 'Drawing on the Right Side Brain™', the internationally renowned programme that teaches people the skill of realistic drawing in 5 days. Synthesising the latest research across drawing, psychology and cognitive neuroscience, Nicola has developed unique programs that enable people to master skills previously thought impossible, and to drive meaningful change within themselves, their teams and their organisations. Her focus is on helping people transform knowledge into impact, and her sessions have been described as "highly organised, deeply engaging and life changing." In addition, Nicola also lectures part-time at the National Institute of Education / Nanyang Technological University, Singapore, and has worked with institutions in Singapore and Southeast Asia, coaching leaders and faculty.

Education

Nicola has a Masters in Educational Management and was awarded the Gold Medal for best performance in the Master of Arts (Educational Management) Programme. Nicola also graduated with First Class Honours from the National Institute of Education, Nanyang Technological University, Singapore (NIE/NTU), and was awarded the Lee Kuan Yew Gold Medal for best performance and excellent proficiency throughout the course of study. She also holds an Advanced Certificate in Training and Assessment.

"Thank you for an amazing day. The program was very well structured, thought out and delivered. The team loved it and it couldn't have been more perfect."
